

Introducing Stratton, a group with a presence not found in juvenile furniture. Stratton is designed to a scale that is equally comfortable in a nursery or a teen room. Westwood has made the combo 20% larger to provide a useful changing station with much more drawer space. The combo, the hutch, and the 6 drawer chest provide ample storage for everything in a child's room. The convertible crib stands to a scale that reflects a new sense of proportion and grace.

*Westwood Design chests have wooden dovetail drawers, concealed ball bearing glides, and feature traditional furniture construction.*

# Stratton

Premier Dressing Combo Plus  
61" w x 35" h x 21" d

The Stratton Premier Dressing Combo Plus has Easy Reach Drawers that swing out to put all your changing necessities at hand. Because when changing a baby, all your attention should be on the child. Comes complete with galley rail.

Combo Hutch  
features built in Touch Light system  
62" w x 49" h x 14" d

The Stratton Combo Hutch has two built in Touch Lights with a 3 position dimmer activated by a convenient touch pad. Because babies sometimes need to be changed at night.
